

A Big Lighthouse “Thank You” to the Montoya Family

Steve and Patrice Montoya have been faithfully serving Jesus at The Lighthouse for over 12 years. Steve has made many contributions to the church including serving on the church council and playing guitar on the worship team. Patrice has been active in the women’s ministry, women’s retreats and with Christian education. They now plan to attend and help support the new Cornerstone Church plant. You will be missed!

Dan Montoya is a graduate of the San Francisco Academy of Arts. He will continue attending The Lighthouse, serving in the sound booth and with media productions including our new broadcasts with Community Media Center.

Tim Montoya is currently attending Sonoma State. He has served The Lighthouse as a bass player for a long time. His Eagle Scout project was building the chain link fence around the children’s play area. Thank you for your service! Tim is serving at Vertical Call, enjoying their college age group.

Mike Montoya is attending Patrick Henry University in Virginia. Through the years of service on the worship team, Mike has become an accomplished and excellent drummer. His Eagle Scout project was to build the fence on the east side of The Lighthouse property among other tasks. Thank you for serving us!

Jake Montoya is still in school and will be attending Cornerstone Church with his parents. We remember his dedication at The Lighthouse with many family members in attendance.

May the Lord Jesus richly bless the Montoya’s for their selfless dedication in serving Jesus and The Lighthouse!
